HCPA Welcomes Andrea Mojica as Vice President, Regulatory Affairs

Mojica Joins HCPA after 12 Years at the EPA Office of Chemical Safety and Pollution Prevention (OCSPP)

Washington, D.C. – The Household & Commercial Products Association (HCPA) is pleased to announce that Andrea Mojica will be joining HCPA on January 2, 2019, as Vice President, Regulatory Affairs. Andrea comes to HCPA from the Environmental Protection Agency (EPA) where she has worked in the Office of Chemical Safety and Pollution Prevention (OCSPP) for 12 years. Andrea will be the Division Staff Executive to both the Antimicrobial and Cleaning Divisions.

“Andrea’s extensive and highly-respected regulatory experience on pesticide and chemical-related issues (Toxic Substances Control Act—TSCA) will further deepen and broaden HCPA’s regulatory engagement,” said Steve Caldeira, HCPA President & CEO. “Andrea’s proven technical expertise will add a new level of strategic leadership for the Antimicrobial and Cleaning Product Divisions.”

From 2006 to 2013, Andrea was a chemical review manager in the Pesticide Reevaluation Division in the Office of Pesticide Programs. From 2013-2017 Andrea was special assistant to the Assistant Administrator of the Office of Chemical Safety and Pollution Prevention, reporting directly to Jim Jones during his EPA service. In this capacity, Andrea advised on pesticide regulatory issues related to registration, registration review and worker safety.

Since 2017, Andrea has worked as a regulatory analyst in the Chemical Control Division in the Office of Pollution Prevention and Toxics (OPPT) on the implementation of the Frank R. Lautenberg Chemical Safety for the 21st Century Act (LCSA) to reform TSCA.

In her new role, Mojica will continue her collaboration with Jim Jones, Executive Vice President, Strategic Alliances & Industry Relations, by reporting to Jones at HCPA.
