**HCPA Congratulates Michal Freedhoff On Confirmation as Assistant Administrator  
for Chemical Safety and Pollution Prevention of the EPA**

---

Washington D.C. – The Household & Commercial Products Association (HCPA) released the following statement today, attributed to Steve Caldeira, President & CEO, HCPA, after the U.S. Senate voted to confirm Dr. Michal Freedhoff as the Assistant Administrator for Chemical Safety and Pollution Prevention of the U.S. Environmental Protection Agency (EPA).

“HCPA congratulates Dr. Michal Freedhoff for being named Assistant Administrator for Chemical Safety and Pollution Prevention of the EPA. We have already worked with Freedhoff in her role as Principal Deputy Assistant Administrator for Chemical Safety and Pollution Prevention on a few issues, including ensuring the viability of the Safer Choice program.

Freedhoff has vast experience on Capitol Hill and worked alongside HCPA to develop the Toxic Substances Control Act (TSCA). We appreciate her commitment to rebuilding the scientific foundation of the EPA and restoring confidence in the Agency. We look forward to collaborating with Freedhoff further on issues that impact consumers, workers, the environment, and the household and commercial products industry.”

###

**About HCPA**

The Household & Commercial Products Association (HCPA) is the premier trade association representing companies that manufacture and sell \$180 billion annually of trusted and familiar products used for cleaning, protecting, maintaining, and disinfecting homes and commercial environments. HCPA member companies employ 200,000 people in the U.S. whose work helps consumers and workers to create cleaner, healthier, and more productive lives.
